

Quartz ASO Plan

# 2023 Standard Choice Drug Formulary

**[QuartzBenefits.com](https://www.QuartzBenefits.com)**

This formulary does not apply to Quartz participants who do not have a pharmacy benefit with Quartz.

December 1, 2023

## Table of Contents

Allergy .....	4
Antiemesis/Antivertigo .....	7
Asthma And Copd .....	10
Autonomic Nervous System Disorders .....	24
Behavioral Health - Antidepressants .....	27
Behavioral Health - Other .....	38
Cardiovascular Disease - Arrhythmia.....	67
Cardiovascular Disease - Cardiac Stimulant .....	69
Cardiovascular Disease - Hypertension .....	70
Cardiovascular Disease - Lipid Irregularity .....	99
Cardiovascular Disease - Miscellaneous Agents.....	106
Cardiovascular Disease - Vasodilation .....	108
Contraception/Oxytocics.....	110
Cough And Cold .....	129
Dermatology - Acne.....	131
Dermatology - Antiinfective.....	135
Dermatology - Antiinflammatory.....	140
Dermatology - Antipruritic Drugs.....	146
Dermatology - Miscellaneous .....	146
Dermatology - Psoriasis/Eczema.....	152
Diabetes .....	154
Ear - General Disorders.....	178
Electrolyte Regulation .....	178
Endocrine Disorder - Fertility .....	183
Endocrine Disorder - Other .....	184
Endocrine Disorder - Thyroid .....	192

<b>Eye - General Disorders</b> .....	197
<b>Eye - Glaucoma</b> .....	202
<b>Eye - Miscellaneous</b> .....	204
<b>Fluid Replacement</b> .....	204
<b>Gout And Related Diseases</b> .....	205
<b>Hematological Disorders</b> .....	205
<b>Hormonal Deficiency</b> .....	233
<b>Immunization</b> .....	244
<b>Immunosuppression/Modulation</b> .....	248
<b>Infectious Disease - Bacterial</b> .....	252
<b>Infectious Disease - Fungal</b> .....	263
<b>Infectious Disease - Miscellaneous</b> .....	264
<b>Infectious Disease - Parasitic</b> .....	270
<b>Infectious Disease - Viral</b> .....	272
<b>Inflammatory Disease</b> .....	281
<b>Local Anesthesia</b> .....	302
<b>Lower Gastrointestinal Disorders - Bowel Inflammat.</b> .....	302
<b>Lower Gastrointestinal Disorders - Other</b> .....	305
<b>Medical Supplies</b> .....	314
<b>Miscellaneous Agents</b> .....	367
<b>Neoplastic Disease</b> .....	370
<b>Neurological Disease - Miscellaneous</b> .....	385
<b>Oral/Pharyngeal Disorders</b> .....	390
<b>Other Drugs</b> .....	390
<b>Other Respiratory Disorders</b> .....	426
<b>Pain Management - Analgesics</b> .....	427
<b>Parkinsons Disease</b> .....	452
<b>Seizure Disorder</b> .....	457
<b>Skeletal Muscle Disorder</b> .....	471
<b>Smoking Cessation</b> .....	473
<b>Upper Gastrointestinal Disorders - Digestive</b> .....	490
<b>Upper Gastrointestinal Disorders - Spastic Disease</b> .....	491
<b>Upper Gastrointestinal Disorders - Ulcer Disease</b> .....	493

<b>Urinary Tract - Functional Disorders</b> .....	498
<b>Vaginal Disorders</b> .....	502
<b>Vitamin And/Or Mineral Deficiency</b> .....	504

Drug	Status	Notes
<b>Allergy</b>		
<b>2Nd Gen Antihistamine &amp; Decongestant Combinations</b>

EVRYSDI 60 MG/80 ML(0.75 MG/ML) INNER	T4P	PA; C90; QL (4 ML per 1 day)
EVRYSDI 60 MG/80 ML(0.75 MG/ML) OUTER	T4P	PA; C90; QL (4 ML per 1 day)
<b>Parasympathetic Agents</b>		
<i>bethanechol 10 mg tablet</i>	T1	C90
<i>bethanechol 10 mg tablet u-d, 10x10, inner</i>	T1	C90
<i>bethanechol 10 mg tablet u-d, 10x10, outer</i>	T1	C90
<i>bethanechol 25 mg tablet</i>	T1	C90
<i>bethanechol 25 mg tablet u-d, 10x10, inner</i>	T1	C90
<i>bethanechol 25 mg tablet u-d, 10x10, outer</i>	T1	C90
<i>bethanechol 5 mg tablet</i>	T1	C90
<i>bethanechol 50 mg tablet</i>	T1	C90
<i>bethanechol 50 mg tablet u-d, 10x10, inner</i>	T1	C90
<i>bethanechol 50 mg tablet u-d, 10x10, outer</i>	T1	C90
<i>cevimeline hcl 30 mg capsule</i> (Evoxac)	T1	C90
EVOXAC 30 MG CAPSULE (cevimeline)	NF	
<i>pilocarpine hcl 5 mg tablet</i> (Salagen (pilocarpine))	T1	C90
<i>pilocarpine hcl 5 mg tablet f/c</i> (Salagen (pilocarpine))	T1	C90
<i>pilocarpine hcl 7.5 mg tablet</i> (Salagen (pilocarpine))	T1	C90
SALAGEN 5 MG TABLET (pilocarpine hcl)	NF	
SALAGEN 7.5 MG TABLET (pilocarpine hcl)	NF	
<b>Pharmacological Chaperone-Alpha-Galactosid.A Stabz</b>		
GALAFOLD 123 MG CAPSULE	T4N	PA; C90; QL (0.5 EA per 1 day)
<b>Pku Treatment Agents - Phenylalanine Ammonia Lyase</b>		
PALYNZIQ 10 MG/0.5 ML SYRINGE P/F, SUV, INNER	T4N	PA; C90; QL (0.5 ML per 1 day)
PALYNZIQ 10 MG/0.5 ML SYRINGE P/F, SUV, OUTER	T4N	PA; C90; QL (0.5 ML per 1 day)
PALYNZIQ 2.5 MG/0.5 ML SYRINGE P/F, SUV, INNER	T4N	PA
PALYNZIQ 2.5 MG/0.5 ML SYRINGE P/F, SUV, OUTER	T4N	PA
PALYNZIQ 20 MG/ML SYRINGE P/F, SUV, INNER	T4N	PA; C90; QL (1 ML per 1 day)
PALYNZIQ 20 MG/ML SYRINGE P/F, SUV, OUTER	T4N	PA; C90; QL (1 ML per 1 day)
<b>Pku Tx Agent-Cofactor Of Phenylalanine Hydroxylase</b>		
JAVYGTOR 100 MG POWDER PACKET INNER (sapropterin)	T4N	PA; C90

OHD – \$0 cost share before deductible | Age – age limit | C90 – maintenance drug | NF – non-formulary | PA – prior authorization | QL – quantity limit | SP – specialty pharmacy | ST – step therapy | Value - RX Outcomes/Value Tier

## 2023 Quartz ASO Standard Choice Drug Formulary Information

This Formulary serves participants whose pharmacy benefits have a fixed copay on a three or four tier plan. Some plans may have a deductible that must be met before tiered cost shares apply.

This document is to be used as a tool to help you understand how specific drugs are covered under the Prescription Drug Formulary and is not a guarantee of coverage. The most recent version is available at [www.QuartzBenefits.com](http://www.QuartzBenefits.com), or can be requested in hard copy format by calling (800) 805-0693. An online formulary lookup tool is also available. For a detailed explanation of the pharmacy benefit, refer to the prescription drug benefit [brochure](#) available on the website or your Summary Plan Description.

The formulary is the list of medications covered by Quartz through the prescription drug benefit. This formulary includes drugs covered for most self-funded plans. Certain drugs on the formulary may not be covered by your specific plan. Your drug coverage may be different based on decisions by your employer or by laws of the state where your employer is based.

This means that even though a drug is listed on this formulary, it may not be covered by your specific benefit plan. Please see your Summary Plan Description or contact [Quartz Customer Success](#) at (800) 805-0693 to verify your coverage.

For information about drug coverage on the medical benefit, please go to the [clinic-administered drug](#) page on the Quartz website.

### Using the Formulary Document

To search the document press "CTRL-F" to open the "Find" box at the top of the document and enter the drug name. The name may be listed multiple times in the document. Press "Enter" to tab through each entry.

Each page of the formulary has three columns: **Drug**, **Status**, and **Notes**. Drugs are grouped by therapeutic category and class and listed alphabetically within the class. Brand names are listed in all capital letters. Generic drug names are included in lowercase italicized font. Drugs that do not have Food and Drug Administration (FDA)-approved generic formulations are only listed by brand name. Branded generics, such as oral contraceptives (Apri, Ashlyna, etc.), are also listed in capitalized text.

The **Status** column identifies which cost sharing tier applies to the drug and **Notes** contains indicators that may limit coverage of specific drugs. Medications listed as T1, T2, or T4P are preferred while medications listed as Tier 3 and T4N are nonpreferred.

## General Drug Coverage Concepts

**Compounded Drugs:** Compounded drugs are usually defined as medications prepared at the pharmacy for an individual person. They include changing existing drugs into a new formulation or dose that is not commercially available or creating mixtures of drugs into a new combination product. Quartz requires the submission and approval of a Medication Prior Authorization Request [form](#) for many compounded prescriptions including compounded hormones (such as estrogen, progesterone, or testosterone). The criteria for coverage and prior authorization request forms are available on the Quartz website at [www.QuartzBenefits.com](http://www.QuartzBenefits.com).

**Exclusions:** Some drug classes are not covered by your Quartz prescription benefit plan. Examples of these include hair loss drugs, sexual enhancement drugs, infertility drugs, most over-the-counter drugs, cosmetic treatments, and nutritional supplements / medical foods. Refer to your Prescription Drug Rider or the Certificate of Coverage to view your specific exclusions. Excluded drugs are generally not listed on the formulary.

**Generic Substitution Policy:** Quartz requires the use of generic medications and biosimilars when they are available. When a generic or biosimilar is available for a drug, the brand product or reference biologic is Nonformulary and not covered. Requests for coverage of a brand-name product (including Reference Biologics) follow the Exceptions Process and coverage determinations are based on Medical Necessity. If your healthcare practitioner feels it is medically necessary to receive the brand-name product, an exception request must be submitted for review.

**Nonformulary (NF):** Nonformulary drugs are excluded from pharmacy benefit coverage. In most cases drugs listed as nonformulary have covered formulary alternatives (e.g. a brand drug listed as NF when the generic equivalent is covered). Refer to the Quartz formulary drug list and plan documents to see covered alternatives. Requests for coverage of nonformulary drugs follow the exceptions review process and coverage determinations are based on Medical Necessity. Nonformulary drugs are not covered unless an exception request has been approved by Quartz.

**Opioid Risk Management Program:** Quartz wants to help reduce the possible misuse of opioid (narcotic) drugs which can lead to addiction and an increased risk of overdose or death. The following drug claim edits have been put in place to help.

- The first prescription for new users of opioid drugs will be limited to a seven-day supply or less.
- Total daily opioid doses from all current opioid claims that equal or are greater than the equivalent of 120 mg of morphine will be restricted (see Restricted Medications).

Exceptions to these edits will require an approved prior authorization for coverage. Additional information can be found in the Pharmacy Programs and Policies section of the Quartz website.

**Oral Oncology Drug cost share:** For drugs taken at home to treat cancer, the state of Wisconsin has stated that the maximum cost share that can be applied to these medications is \$100 per fill after any benefit deductible has been met. The cost share may be less than \$100 depending on your benefit structure. The

states of Illinois, Iowa, and Minnesota have determined this cost share to be \$0 after any benefit deductible has been met. This maximum cost share amount applies regardless of what tier the drug is listed at on the formulary document.

**Over-the-Counter (OTC):** Drugs that do not require a prescription from a doctor are not covered under the pharmacy benefit unless specifically listed on the formulary as approved by the Quartz Pharmacy & Therapeutics Committee.

**Preventative Medication Coverage:** Some laws, such as the Affordable Care Act (ACA), require that certain drugs need to be covered at a \$0 cost share for members. Quartz covers these drugs within the guidelines recommended by the United States Preventative Services Task Force (USPSTF). Restrictions, including age limits, quantity limits, prior authorization, and days' supply may apply to some drugs. Coverage indicators in the **Notes** column specific to preventative medications include Smoking Cessation Drugs – these drugs are covered up to 180 days within a calendar year period at \$0 cost share and Preventative Statins – these doses are covered at \$0 cost share for members within the specified age limits.

**Tier 4 cost share (T4P/N):** Members may have benefits that require a Tier 4 cost share for some drugs. For members without a 4-tier benefit, drugs designated as "Tier 4" will default to their Tier 2 cost share for preferred agents and to the Tier 3 cost share for nonpreferred agents. Some benefits may process differently. Please refer to your Schedule of Benefits for your specific benefit.

## Formulary Coverage Indicators

Specific requirements for coverage of some drugs are noted in the formulary listing in the **Notes** column. An explanation of each type of requirement or parameter is listed below.

**Age Limits (Age):** Drugs with **Age** are covered without prior authorization or at specific cost shares within the designated age limits. Consideration for coverage of medications with age limits may be made for those outside the age limits by submitting a medication prior authorization request form.

**Choice90 (C90):** Drugs listed with **C90** are considered maintenance medications by a national database (FirstDataBank) and **MAY** qualify for a 3-month supply fill at the pharmacy. The drug must cost less than \$1,000 per month. Three copays will be charged for the 3-month supply. All additional restrictions apply. The pharmacy must be participating in the Quartz Choice90 pharmacy network to dispense 90-day supplies. Drugs included in the Specialty Pharmaceuticals Program are not eligible for Choice90.

**Quantity Limits (QL):** Drugs with a **QL** are limited to a specific quantity (number of pills, grams, etc.) when filled at the pharmacy. For medications with a quantity limit, if a member requires a higher quantity per month, prior authorization is required.

**Restricted Medications (PA):** Drugs with a **PA** are restricted and require an approved prior authorization for coverage. Quartz requires the submission and approval of a Medication Prior Authorization Request form before coverage is granted for restricted drugs. The Medication *Prior Authorization Request Form* can be obtained through Customer Success or via the Quartz website at [www.QuartzBenefits.com](http://www.QuartzBenefits.com). Please note: *The Medication Prior Authorization Request Form* can also be used to submit an exceptions request for nonformulary (or not covered) drugs.

Requests can be submitted via fax to (888) 450-4711, online at [www.QuartzBenefits.com](http://www.QuartzBenefits.com), by phone, or can be mailed to the address on the form. The information will be reviewed, and both the requesting physician and the member will be notified regarding the coverage decision. If you would like to discuss the specifics of a medication request decision with a pharmacist, or have general questions about the prior authorization criteria, please call the Quartz pharmacy program at (888) 450-4884.

**RX Outcomes/Value Tier RX (Value):** Some drugs have been shown to improve the overall health of people with health problems like high blood pressure, high blood sugars (diabetes mellitus), and breathing difficulties (asthma) when taken daily. For members whose plan includes the RX Outcomes/Value Tier RX benefit, the drugs noted as **Value** in the **Notes** section will process with a value tier copay. This only applies to plans with the value tier benefit. Please refer to the plan Summary of Benefits documents for your specific benefit.

**Specialty Pharmaceuticals Program (SP):** Specialty pharmaceuticals encompass a growing number of drugs that are usually high-cost, may involve complex treatment regimens, have special handling, storage, or delivery needs, may require injectable or infusible administration, are for rare diseases or therapeutic categories such as oncology, autoimmune, or inflammatory diseases with long-term, severe symptoms, and may have limited product availability.

Specialty drugs are listed with an **SP** in the formulary **Notes** column and are required to be obtained from a pharmacy participating in the Quartz Specialty Pharmaceuticals network for coverage. The UW Health specialty pharmacy, Gundersen Health System pharmacies, and Aurora specialty pharmacy are currently participating in the Quartz Specialty Pharmaceuticals network. For information about the pharmacies, see the [Specialty Pharmaceuticals Program](#) section on the Quartz website.

Most of the drugs included in Quartz Specialty Pharmacy network have pharmacist-run management programs to maximize patient knowledge and outcomes from these medications. This may include additional follow-up from the pharmacist or partial dispensing protocols.

**The Quartz Specialty Pharmacy program DOES NOT apply to medications administered in your physician's office, a hospital, or other health care facility. Coverage for medications administered in a health care facility falls under your medical benefit and may be subject to other requirements.**

**Step Therapy (ST):** Drugs with a **ST** require step therapy, where a person must first try a prerequisite medication(s) before receiving coverage for the listed ST products. If step therapy criteria are not met through previous drug claim fills for the first line agents, then ST drugs require prior authorization. Members without a claims history or who have not filled the step drugs for an extended time will need to submit a Medication Prior Authorization Request form for consideration of coverage.

**Zero Dollar Cost Share Before Deductible (OHD):** Drugs with a **OHD** listing are covered at a \$0 cost share before a plan deductible has been met for some Internal Revenue Service (IRS) qualified high-deductible health plans (HDHP) with a health savings account (HSA). Please contact Quartz Customer Success at (800) 362-3310 to check to see if your plan has this benefit.

**Where to find additional information when you have questions:**

Topic	Where Available
To check how a drug is covered by Quartz or print a copy of the drug formulary	QuartzMyChart.com
For criteria for coverage of a drug	Quartz Pharmacy Program: (888) 450-4884 or QuartzMyChart.com
To speak with a pharmacist regarding a prior authorization denial	Quartz Pharmacy Program: (888) 450-4884
To appeal a prior authorization denial	Quartz Customer Success: (800) 805-0693
To enroll in the Quartz Specialty Pharmaceuticals program	UW Health Pharmacy: (866) 894-3784 Gundersen Health System Pharmacy: (877) 208-1096 Aurora Specialty Pharmacy: (844) 820-5600
